

PGDM FLAGSHIP PLACEMENT REPORT 2025-26

MESSAGE BY PLACEMENT CHAIR

Prof. Shawnn Coutinho

Associate Professor and Placement Chair,
Goa Institute of Management

It is with great pride and satisfaction that we present the Placement Report for the graduating PGDM Batch of 2026 at the Goa Institute of Management (GIM).

At Goa Institute of Management, we believe that management education must go beyond academic excellence to shape responsible leaders who can create meaningful impact in an increasingly dynamic and interconnected world. Rooted in the Institute's core values of learning, integrity, sustainability, and social sensitivity, the PGDM programme continues to nurture professionals who are not only industry-ready but also purpose-driven.

The Placement Report for the PGDM Batch of 2026 reflects this enduring commitment. Despite a rapidly evolving global business environment, our students demonstrated resilience, adaptability, and the ability to thrive across diverse sectors and functions. The remarkable outcomes achieved this year including a highest CTC of INR 35 LPA, an average CTC of INR 16.27 LPA, and participation from over 110+ recruiters (SAP, JP Morgan Chase, Goldman Sachs, Morgan Stanley, Wells Fargo, Deloitte, Johnson & Johnson, Aditya Birla Capital, amongst many others) are a testament to the quality of talent nurtured at GIM and the strong trust reposed in us by industry partners.

What makes these achievements particularly meaningful is the breadth of opportunities secured across domains such as Finance, Marketing, IT & Operations, and Human Resources, alongside strong recruiter participation from sectors including Financial Services, Consulting, FMCG/FMCD, Banking, and Technology. The continued growth in pre-placement offers and the addition of several new recruiter relationships further reinforce GIM's position as a preferred talent destination.

Equally encouraging has been the success of the Summer Internship Placement process for the PGDM batch of 2025–2027. The participation of both legacy and new recruiters, coupled with strong stipend figures across domains, highlights the relevance of GIM's curriculum, experiential pedagogy, and industry engagement initiatives in preparing students for contemporary business challenges.

These accomplishments would not have been possible without the unwavering support of our recruiters, alumni, faculty, and industry partners, who continue to engage with GIM in building future-ready leaders. I also extend my appreciation to the students whose dedication, perseverance, and professionalism have contributed significantly to this successful placement season.

As we move forward, GIM remains committed to strengthening its industry partnerships, fostering innovation and responsible leadership, and creating opportunities that empower our students to make a meaningful contribution to organizations and society at large.

I warmly invite organizations to continue partnering with us in this shared journey of excellence and impact.
